LAURÉAT DE LA CATÉGORIE

Narrative Composition

For arranging cultural references with enough precision to make them feel newly inevitable.

ATTRIBUÉ À

Fabrice Goncalves

INDEPENDENT

As the winner of Narrative Composition, Fabrice Goncalves is recognised for shaping distinct references into a singular creative language. In his independent practice, music, strings and an unapologetic preference for pink form a coherent personal vocabulary. His attachment to France, particularly Yvelines, and his enduring fascination with Gavroche give that vocabulary both place and character.
