WINNER OF THE CATEGORY

Spatial Rhythm

For arranging repetition, pause and proportion until space acquires its own quiet cadence.

AWARDED TO

Vincent Van Leeuwen

STUDIO VINCENT ARCHITECTURE

At Studio Vincent Architecture, Vincent Van Leeuwen approaches architecture through rhythm, allowing repetition and pause to establish a measured order. His preference for natural colour, natural material and nature itself speaks to a practice grounded in restraint rather than effect. As winner of Spatial Rhythm, he is recognised for treating an eternal obsession as a sound professional principle.
