WINNER OF THE CATEGORY

Interface Design

For making complexity disappear precisely where everyone expects to find it.

AWARDED TO

Viola Puhalovic Krijnen

LIJSTJE

As winner of Interface Design, Viola Puhalovic Krijnen is recognised for bringing exacting structure to the digital work of Lijstje. Her current absorption in TypeScript speaks to a practice where clarity is engineered, while her preference for purple suggests confidence beyond the default palette. Rooted in Amsterdam and attentive to the work of Remi Versteeg, she gives the interface both discipline and character.
